

SAN DIEGO POLICE DEPARTMENT

ABLE LOG

DATE: July 31st, 2008 **INCIDENT#:08070068721**
TIME: 1010 Hours
LOCATION: 13070 Deer Park Way (Northwestern Division)
INCIDENT: 459 Hot Call and Arrest of Burglary Suspect
OFFICERS: (TFO) J. Burkhardt #5302 and (PIC) B. Stephens #5078

On the above date and time, Officer Stephens and I responded to a residential 459 Hot Call located at 13070 Deer Park Way. The reporting party (a female juvenile) stated someone had broken a window on the side of her house and was trying to get in. The reporting party was able to get a description of the suspect, then jumped out of another window and ran to a neighbor's house for help. The suspect was described as a Hispanic male, late teens to early twenties, with curly hair, wearing a white jersey and jeans. While the reporting party was at the neighbor's house she saw the suspect leave her house and run west bound.

We arrived overhead within about two minutes and began searching the area. We were unable to locate the suspect near the house and decided to make some PA announcements in area. As Officers' began to arrive, we set up a perimeter and directed them to possible witnesses and residents in the nearby area. A short time later a witness flagged down an Officer and said the suspect was seen running south on Old Carmel Valley a few minutes earlier. We moved our search south towards the I-56 and Old Carmel Valley and continued the PA announcements. While making the announcements, I saw three pedestrians in the street (south of the I-56 on Ruelle De Mer) pointing west. I looked about two blocks further west on Ruelle De Mer and saw a male matching the description of the suspect walking on the sidewalk. Sgt. Piner and another Officer were able to get under the I-56 and make there way through some backyards to get up to Ruelle De Mer. I gave the suspect PA announcements to sit on the ground and wait for Officers' to arrive. The subject complied and Officers' arrived a short time later and took him into custody.

A curbside lineup was conducted and the suspect was positively identified.

The incident was videotaped and impounded at Air Support on tag #1514.
